Throughout this calendar, we are proud to share photos spanning the history of our General Assemblies (GA). In 1977 the Inuit Circumpolar Conference — as we were then known — held our first meeting in Barrow, Alaska. On the cover, our founder Eben Hopson, can be seen seated in the centre, wearing a plaid sports jacket. We held our most recent GA, in July 2022.

There have now been 14 General Assemblies, held in Canada, Greenland, and Alaska. They are weeklong meetings combining political, social, and economic discussions. We emerge from each with an ICC Declaration, renewed energy, a focused vision on the next four years of advocacy, and the knowledge that our culture and language remain strong.

In 1983 ICC was granted "Consultative Status" at the United Nations. We are a Permanent Participant at the Arctic Council, and were instrumental in its creation in 1996.

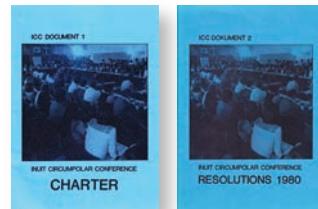

This calendar includes key international meetings where we bring our Inuit voice. Also, on the first Thursday of each month, we will feature the ICC Inuit Artist of the Month on our podcast "*Uluiktaat / Circumpolar*.

Artist of the Month on our podcast "Uncharted Waves". It's available on Buzzsprout, Apple, Spotify and Google.
